

# TrueMotion 2000

2000

TM2000 gives you the freedom to raise and lower the height of your bed making it perfect for carers and making the bed. TM2000 also features Head and Foot articulation giving you the benefit of relieving pressure on your spine where needed. It also has a ZeroG pre-set button (zero gravity) for improved blood circulation and a Flat button for your convenience.

650mm  
to  
320mm
